DANIEL FIGUEIREDO PARREIRA ROCHA

has successfully completed the online, non-credit Specialization

ChatGPT + Zapier: AI-Powered Email Mastery

This certificate recognizes mastery in ChatGPT and Zapier for Email Automation, demonstrating an exceptional ability to harness AI-powered workflows to revolutionize email management. The holder has demonstrated expertise in automating complex email tasks, creating personalized responses, and integrating intelligent data extraction to organize information seamlessly. Equipped with advanced skills, they can transform any inbox into a powerful productivity hub, expertly handling everything from dynamic email drafting to comprehensive data synthesis across platforms. This individual is a true expert in leveraging ChatGPT and Zapier to streamline communication, boost efficiency, and optimize digital workflows.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
